

TIP SHEET

Student Note – for Attending/Supervising Providers

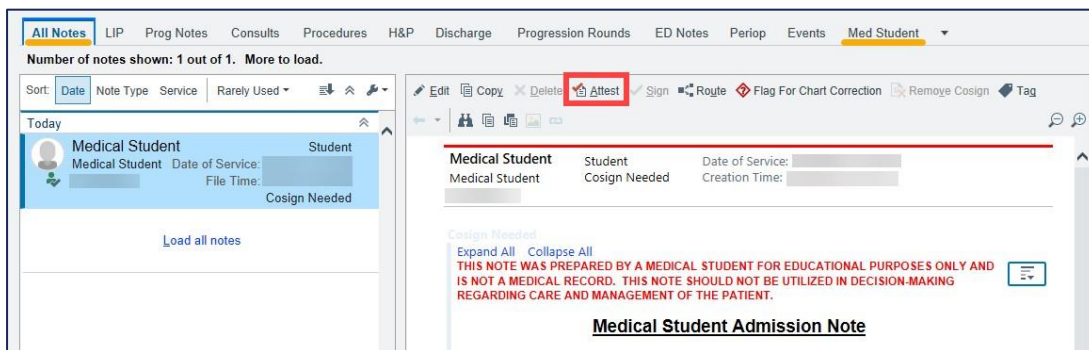

This tip sheet highlights the workflow of attesting/cosigning a Note written by a student nurse practitioner or physician assistant student or a medical student.

Important Points

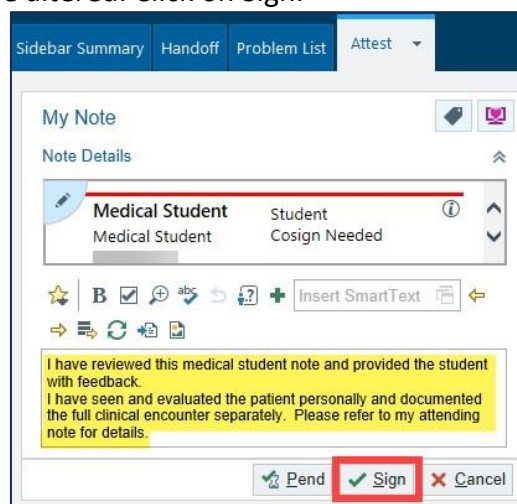

1. Not part of the Legal Medical Record
2. Not released to CareEverywhere
3. Not released to MyChart
4. Cannot be used as a Billing Provider's Note to bill. Supervising provider needs to write a full separate Note.

Attesting a Note within Notes

1. Within the Notes activity tab of the patient's chart, you can find the Student's Note in All Notes or Med Student. Click on Attest.

2. A default attestation will appear. This disclaimer/attestation has been reviewed and approved by Legal and therefore, should not be altered. Click on Sign.
