

## **Clinician Update - Vaccine Brief**

### **Dec. 16, 2020**

#### **COVID-19 Vaccine Video Update**

With a rapidly evolving situation and the holidays fast approaching, Dr. Reg Blaber, Virtua's chief clinical officer, has filmed a video to bring you up-to-minute on Virtua's vaccine distribution plans. We had initially planned a webinar this week, but elected to send [this link](#) to view at your convenience. The message is shared in a spirit of transparency and to address your queries on how we are orchestrating such a large vaccination campaign across the system.

Continue to check your email for more updates and alerts in the days to come. The situation remains fluid and we are working to keep everyone informed as quickly as possible.

#### **Survey on Vaccine Interest is Now Closed**

We recently shared a survey link to gauge interest in receiving the vaccine. The survey is now closed and we thank those who participated. The information gave us critical insight into readiness among our providers. The survey was not intended to be a method to sign up for the vaccine.

#### **Let Us Know of Email Delivery Issues**

We have heard that some physicians may not be receiving *Clinician Update*, sent from COVIDUpdate@ThisIsVirtua.org. With so much information to share, we want to know if there is any concern. If you hear of a colleague who has not received any of our messages, email [VirtuaClinician@virtua.org](mailto:VirtuaClinician@virtua.org), and we will be sure to update our records. However, first check spam folders, as we are finding that some accounts may be blocking our emails.

#### **Save the Date**

We invite all Virtua colleagues to tune in and experience inspiring musical performances to "Lift Us Up" in the Here for Good Holiday Concert live via Zoom on **Tuesday, Dec. 22 at 7 p.m.** Please watch for the exclusive link in your email inbox closer to the date.
