

# COVID-19 Provider Update

## Monday, March 30

### Happy Doctors Day!

It is an important time to recognize our health care providers and colleagues across Virtua Health for all of your service and response to the coronavirus pandemic. We all have one mission to help people: be well, get well, and stay well.

Today, we would like to recognize our exceptional physicians for your specific contributions and for being there when people are counting on you. We appreciate your leadership, your expertise, your dedication, your care, and your collaboration. You help people understand what matters most, in a word: health.

Thank you for your exceptional service and commitment to our patients.

### Video Series for our Community

We continue to do our very best to be a trusted resource of information in our community as we navigate the COVID-19 pandemic, together. Please take a moment to watch the informational videos we've created below.

SVP and Chief Philanthropy Officer, Sarah Fawcett-Lee, takes a moment to talk about Virtua's Coronavirus Emergency Fund, established to help support the important work we're doing to meet the growing needs of the community. Watch the video [here](#).

While we are in this coronavirus pandemic, Dr. Robert Barrucco, a cardiologist at Virtua Health, reminds us not to ignore other health issues like a potential heart attack. Click [here](#) to learn more.

What should expectant moms be expecting during the coronavirus crisis? Dr. Nicole Lamborne, Program Director of Women's Health at Virtua, discusses this precious time and precautions Virtua is taking to keep you and your baby safe. Watch [here](#).
